Statement

User Experience & Interaction Designer.
I strive to design clear and thoughtful experiences.

Work Experience

Wintr, A Design and Technology Company

Designer

Seattle, WA | 2014 - 2016

Collaborated with a team of designers, developers, and strategists that delivered user-centered solutions for Wiki Education Foundation and Centurylink Cloud. My role varied from a supporting designer to a design lead in the following fields: user experience, interaction design, information architecture, visual design, development, research, and client presentations.

Blue Highway Games

Salesclerk/Event Organizer

Seattle, WA | 2008 - June 2014

Blue Highway games is a board game store, that sells and promotes the idea of disconnecting from your electronic devices and playing a game with family and friends. At Blue Highway I taught customers dozens of different board games, provided in depth recommendations, helped with office organization, and ran in-store events that involved being responsible for 40+ children.

Education

Seattle Central Creative Academy

AAS Graphic Design

Seattle WA | 2012-2014
